Awareness of the business case for inclusion and diversity is on the rise. While social justice typically is the initial impetus behind these efforts, companies have increasingly begun to regard inclusion and diversity as a source of competitive advantage, and specifically as a key enabler of growth.

Delivering growth through diversity in the workplace

A new report measures religious diversity by the percentage of each country's population in eight categories – Buddhists, Christians, Hindus, Muslims, Jews, the unaffiliated, folk religionists and members of other religions.
